Dear Ms. Belleau:

I am writing to express my sincere gratitude to you and the Board of the Nunavut Law Foundation for your recent decision to make a contribution to the Nunavut Law Program.

The funds provided will go wholly toward providing emergency funding for students in need and toward the cultural programming which will offer our students the opportunity to grow their understanding of Inuit culture, traditional skills, and customary law.

Your support demonstrates the Nunavut Law Foundation's ongoing commitment to developing legal education in Nunavut and will no doubt contribute to the continued success of the students of the Nunavut Law Program.

Thank you very much.

Sincerely,

Martin Phillipson
